The Hail Hunter.

The Hail Hunter is a padded car cover designed to protect the vehicle from hail storm damage. The car covers sold today are not padded and offer no protection from hail storms. The Hail Hunter car cover has five inches of padded vinyl that protects the vehicle from hail. The glass and car body is protected against hail storm damage.

There are two straps that hold the cover to the car. The straps easily slip under each bumper for easy installation. The straps are adjustable and the vinyl cover can be easily cleaned with soap and water. This car cover is for any car owner who wants to protect their vehicle against costly damage.
